Annual Donations

There are two main types of donations we ask our school parents to consider at the beginning of each year: an enrichment donation and a supply donation. Any donation given to the school is tax deductible and possible eligible for an Idaho tax credit. Following are the guidelines of suggested donation amounts, but any amount given is appreciated. Please note there is no obligation to donate.

Enrichment Donations As a student at Peace Valley your child will have the opportunity to experience the educational benefits of regular field trips, hikes and community-service outings, which are a valued part our curriculum, but are not state funded. Your donations help us make these excursions possible to pay for transportation costs, supplies and entrance fees. We have decided to eliminate multiple field trip donation requests by simplifying our request to once per year. The funds raised will be used among all the classes and all the grades for all students.

Suggested enrichment donation amounts: $65 for each child in grades K-3, $90 for each child in grades 4-8

# of K-3 students: ____ x $65 = $ _____
# of 4-8 students: ____ x $90 = $ _____
